## LIBRARY REPORT.

---

The trustees of the Andover Town Library submit the following report for the year ending Feb. 15, 1911:

The number of books issued during the year at the Centre Village was 2,855, and the number of borrowers was 235. At East Andover, 850 books were issued to 75 borrowers. Total circulation, 3,705; total number of borrowers, 310; an increase in circulation of 33.5 per cent in number of borrowers 9.5 per cent.

The marked increase in circulation and in the number of borrowers is a very encouraging tribute to the zeal and efficiency of the librarians. It is the wish of the trustees and librarians that members of every family in town would, as a matter of duty, visit the collections at the Centre and at East Andover and see what provision the town is making for the instruction, cultivation and entertainment of its citizens. There is still need of a wider circulation and a decided increase in the list of borrowers. Readers of this report, you will find books among your best friends. Try them. They bring you the beautiful thoughts of many bright minds, which refresh you when you are weary and cheer you when you are sad. They bring you knowledge and pleasure, and all merely for the asking. Try what our free library can do for *you*.
